Click "OK"

The screenshot shows a software interface with a modal dialog box open. The dialog box has two main sections: 'Options' and 'Filter: Production Order'. The 'Options' section includes a 'Scheduling direction' dropdown set to 'Back', a 'Calculate' section with four toggle switches (Lines, Routings, Component Need, Joint Products) all turned on, and a 'Warehouse' section with a 'Create Inbound Request' toggle switch turned off. The 'Filter: Production Order' section includes a 'Status' dropdown set to 'Firm Planned' and a 'No.' dropdown set to 'MFP2000019'. Below these are two '+ Filter...' links. At the bottom of the dialog box are 'OK' and 'Cancel' buttons. The 'OK' button is highlighted with an orange circle. The background interface shows a table with columns for 'Quantity', 'Unit of Measure Code', 'Production BOM Version Code', and 'Production BOM No.', and a date-time field set to '1/6/2026 11:59 PM'.
