

How to do Consumption on Production Order in Yaveon

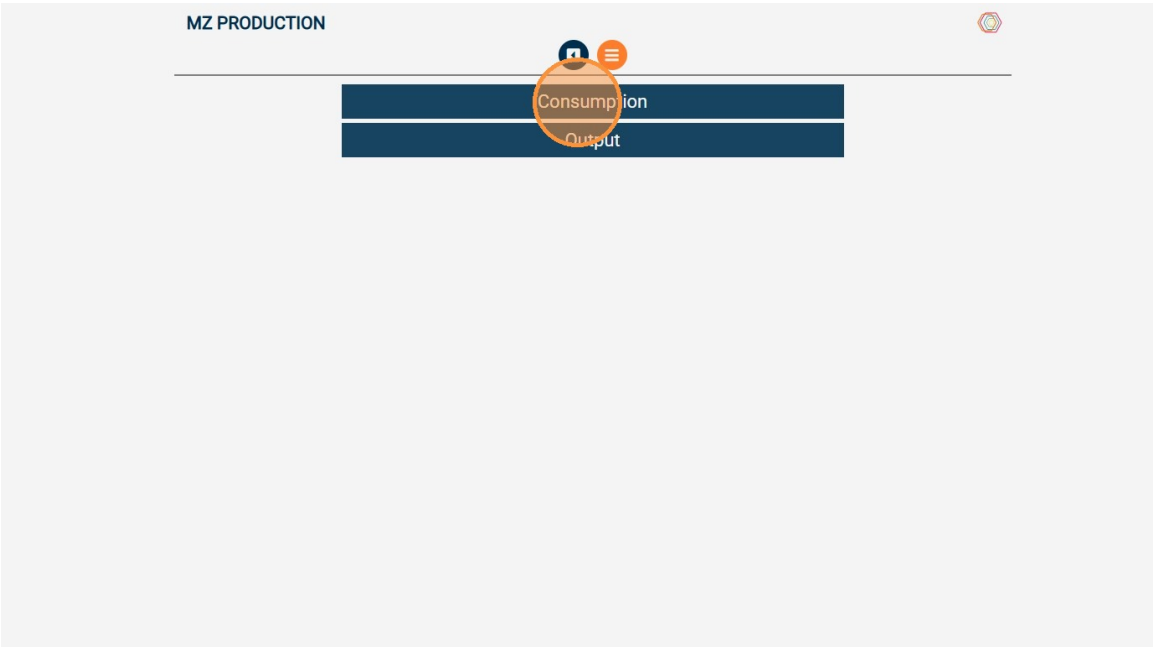

1. Navigate to YAVEON

2. Click "MZ PRODUCTION"

3. Click "Consumption"

4. Type or Scan the Prod Order No (on the Prod Order)

A screenshot of a software interface titled "CONSUMPTION". At the top right, there is a small red hexagonal icon. Below the title bar, there are two small circular icons, one blue and one orange. Below these icons is a form with several input fields. The first field is labeled "Prod. Order No." and has a large orange circle overlaid on it. The other fields are labeled "Document No.", "Doc. Line No." (with a value of "0" on the right), "Operation No.", "Location", "Item", "Item Descr.", "Quantity", and "Unit".
